Work experience

Marketing Manager (GTM Sprint) · Chinese Road (HK) Ltd.

2026-04 – 2026-07

Led a 3-month GTM sprint to localize AI platforms for primary/secondary schools; secured 5 pilot deployments and completed full knowledge transfer of pipelines and partner contacts to ensure seamless project handover.
Embedded AI auto-grading into classroom workflows, leaving behind standardized operational playbooks for partners.

Business Manager (GTM & Scaling) · Meta-Archit Software Technology (HK) Ltd.

2025-01 – 2025-12

Drove Enterprise Digitalization: Integrated AI SaaS + IoT across Government, 3PL, Hotels, and F&B, bridging ERP/CRM with edge devices to unlock predictive maintenance and automation.
Scaled Hybrid GTM: Built a Direct-SI dual-channel model with ROI tools and a Value-Selling Playbook, accelerating deal velocity by 30%.
Locked High-Margin SaaS: Shifted clients to multi-year subscriptions (>85% renewal target); institutionalized SOPs and transitioned the business unit to operations for sustained scale.

Sales Manager (Commercial Sector Penetration) · SecurePro Technology Security Ltd.

2024-01 – 2024-12

Penetrated Four Key Commercial Verticals: Executed dual-track strategies (tenders + C-level engagement) to address specific pain points-cargo loss prevention (Logistics), footfall analytics (Retail), VIP access control (F&B), and guest safety (Hospitality)-securing 4 anchor clients.
Optimized In-house Deployment: Streamlined coordination between sales and the internal technical team; established a tiered SLA framework and centralized Customer Success Center to improve on-site responsiveness significantly.
Standardized Cross-Scenario SOPs: Conducted pre-project site surveys, producing…

Sales Manager (New Product Launch) · Qiair Technoscience Ltd.

2021-01 – 2023-12

Delivered Integrated Health-Tech Solutions: Addressed post-pandemic demands for branded hotels, large-scale shopping malls, and corporate clients by bundling disinfection misting robots with proprietary sanitizing solutions and real-time IAQ monitoring systems, enabling stakeholders to secure official IAQ certification.
Architected "Hardware + Consumables + Compliance" Model: Structured 2-year bundled contracts to lower adoption barriers, securing 50+ deployments across key accounts alongside recurring sanitizer supply and IAQ data services, establishing benchmark cases with steady post sale…

Sales Manager (Model Innovation) · FS Electronic Technology Co., Ltd.

2020-01 – 2021-12

Led a pilot across multiple commercial sites achieving verified energy reduction.
Drove R&D Iteration: Established a field-failure data reporting loop, compelling R&D to reduce hardware failure rates from 3.2% to 1.1%.
Expanded Partnerships: Onboarded 2 ESCOs (Energy Service Companies) to bid on performance-based contracts jointly.
